

Our Enhanced Close Protection Driving (ECPD) course allows drivers to learn how to mitigate risks to safety and security whilst maintaining control of a vehicle at speed.

Overview

G4S Specialist Training's Enhanced Close Protection Driving (ECPD) course teaches instinctive, defensive and evasive driving techniques. Those that act as drivers as part of a Close Protection (CP) team will learn how to progress safely through challenging situations whilst maintaining a high level of security awareness.

Syllabus

Instinctive driving:

- Situation awareness and surveillance detection
- Travel pattern analysis and area of predictable travel
- Instinctive and high speed driving practical skills
- Emergency situation drills
- Accident management
- Vehicle dynamics and control
- Progressive driving

Defensive and evasive driving:

- Commentary driving
- RTA medical response
- Hard reverse turns
- Ramming techniques
- Close proximity driving
- Rolling slalom
- Threat scenarios and analysis

Close protection driving:

- Sports Utility Vehicle (SUV) drills
- Basic off road four wheel drive handling
- Armoured vehicles
- Teamwork and planning
- Tactical manoeuvres, positioning and formations
- Team response and evasive driving
- Attack recognition and cross over drills

Staff and facilities

The course is conducted over a three day period at our training facility in Pershore, Worcestershire and is accredited by Skills for Security. Our team of highly experienced instructors is made up of former UK special forces and police personnel who have recognised civilian teaching qualifications as well as recent operational experience.

Course dates and prices

Available on request.
